

# ***Electro Bear Guard LWC***™

This kit was developed for uses where the Ultra-lite is too small but lightweight and compact is still needed. It is light weight (3.6 lbs) and compact (18"L x 10"Diameter). It will cover a 40' x 40' area, 1600 square foot area or smaller. It utilizes the very latest technology like aluminum tube dcchg. H Y Zence charger delivers i d'hc' 9000 volts and 0.15 joules of energy.
